

"Owl Families"

by Tracy Lizotte

This lovely and unique panel can be used in many ways!

Here are a few ideas:

- ~ Sew the panel together. It is designed to fit together perfectly to form a single tree full of cute owl families! It could be the center of a quilt or could be quilted and bound for a wall hanging.
- ~ Cut the blocks apart and add sashing or try an attic window setting using the coordinating prints.
- ~ Use the panel as a back of a jacket or a vest.
- ~ A few blocks sewn together would make a great tote bag
- ~ Add borders and some insulated batting for potholders - who doesn't need a set?
- ~ Use with your favorite pattern to make an e-book cover.
